

# WEBSITE DELIVERY ACCELERATION

GIVE USERS A SUPERFAST  
WEB EXPERIENCE WITHOUT  
BREAKING YOUR BUDGET

*Why make users wait for your website pages to load? Website delivery acceleration on the LeaseWeb CDN makes web response times up to three times quicker. By giving users a better experience you improve customer retention and loyalty while reducing abandonments. Unlike other CDNs, ours is built on an advanced, proprietary 5 Tbps global network which guarantees not only the best performance but reduced costs too.*

## Benefits:

1.

*Improve customer satisfaction and loyalty with dramatically faster page load times*

2.

*Improve search ratings thanks to faster speeds*

3.

*Cut costs by using LeaseWeb infrastructure*

4.

*Count on top security for your website*

5.

*Take total control with our easy to use control panel*

6.

*Optimize performance with advanced analytics including real time end user monitoring*

*For features and performance, LeaseWeb's CDN is right up there with any Tier 1 pure player platform. The addition of their hosting, Cloud and network expertise makes them a key partner in our success.*
